DIPLOMA IN RADIOLOGY & IMAGING TECHNOLOGY (DRIT)

Become a Skilled Radiology Technologist –
Shape the Future of Diagnostic Imaging!

Duration: 2 Years | Eligibility: 10+2

Why Choose DRIT at Lambodar Institute?

Hands-on Training – Skilled in X-ray, CT, MRI, Ultrasound & advanced imaging techniques

Industry-Experienced Faculty – Learn from industrial experts & senior teachers

State-of-the-Art Labs – Modern equipment, simulation training & live hospital exposure

100% Placement Assistance – Tie-ups with Apollo, Fortis, AIIMS & top diagnostic chains

Affordable Fees + Scholarships – Quality education with financial support

Key Learning Areas

- Radiographic Techniques & Positioning
- CT & MRI Scanning Procedures
- Ultrasound & Sonography Basics
- Radiation Safety & Patient Care
- Image Processing

Career Opportunities

- Radiology Technologist
- MRI/CT Scan Technician
- Ultrasound Technician
- X-Ray Technician (Hospitals/Clinics)
- Radiology Assistant (Research & Labs)

Why Lambodar Institute?

- NABH Accredited Hospital Tie-ups for real-world training.
- Workshops by industry leaders.
- Internship in Top Diagnostic Centers – Build experience before graduation.
- Flexible Batch Timings (Morning/Afternoon/Weekend batches).
